

EURO+

Disc Brake Rotor

Behind every Bendix Euro+ disc brake rotor lies OE expertise, leading technology and precision engineering so you can put your foot down with confidence.™

Bendix Euro+ disc brake rotors offer the very latest in braking technology and manufacturing processes. These leading technologies combined with Bendix's unparalleled experience and absolute quality assurance ensure the Bendix Euro+ disc brake rotors are ready for the demands of today's European vehicles and beyond.

**HIGH CARBON
METALLURGY**

High Carbon Metallurgy:

*Increases brake performance
& stopping power.*

SwiftFit:

*Protective zinc coating
which is ready to fit.*

**Original
Equipment Fit**

E+ Original Equipment Fit:

*Specifies design, construction, performance
requirements and test protocols to strict
European regulations.*

EURO+

Disc Brake Rotor

EURO+

Disc Brake Rotor

Disc brake rotors for European vehicles offering the latest in braking technology and manufacturing processes.

EURO+

COMPOSITE
SPORT 2-PIECE

Disc Brake Rotor

Specially designed composite disc brake rotors for selected European vehicles.

The highest level of accuracy based on OE specifications for size, diameter and hole spacing for highest reliability and perfect fitting.

Faster installation SwiftFit coating for fitting without pre-cleaning, with corrosion inhibitors for a great look and will not degrade over time.

Original
Equipment Fit

E+ Original Equipment Fit - specifies design, construction, performance requirements and test protocols to strict European regulations.

HIGH CARBON
METALLURGY

Quality straight from the casting thanks to proven HIGH CARBON METALLURGY, provides improved thermal stability & conductivity, and reduces the chance of warping or DVT.

Designed to be matched with the Bendix Euro+ Brake Pad Kit.*

*Can be used with other Bendix brake pads.
