JULY 2024

## BBC4 Aerosol Bendix Cleanup Brake & Parts Cleaner

A small change is being made to Bendix Cleanup – Brake & Parts Cleaner.

As of 30th of June, the 400 gram aerosol cans (BBC4) will no longer be supplied with the directional straw that attaches to the head of the spray.

The straw is considered a single use plastic item, and in keeping with Bendix's environmental policies, we're actively looking at means to minimise the impact of all our products.

Technicians who regularly use the straw are advised to reuse an old one where possible, rather than discarding. Alternatively, Cleanup is also available in a 20l drum that can be applied using a 1l Bendix compressed air mini sprayer; this has the added benefit of containing no CFCs.

## BENDIX CLEANUP – BRAKE & PARTS CLEANER

When changing brake pads, always use Bendix Cleanup – Brake & Parts Cleaner to clean brake components and the rotor surface especially after machining. Bendix Cleanup – Brake & Parts Cleaner penetrates rapidly, cleans instantly and evaporates quickly, leaving no residue.

PRODUCT	Aerosol	Trade Drum	Pump Spray
Part No.	BBC4	BBC20	BBC1L-PUMP
Weight	400g	20L	1L
Barcode	9316068186053	9316068193686	9316068403655
